

RB Farquhar

case study

Client: UPM Kymmene UK Ltd

Project: Shotton Pheonix Project

Client need:

UPM is a global supplier of timber and paper products. Their paper mill at Shotton in North Wales uses 100% recycled material. Construction work at the plant meant that a number of contractors would be working on the site over various phases of the project. To avoid each contractor establishing their own site office, UPM Kymmene approached RB Farquhar to supply good quality, furnished site accommodation for the duration of the project.

Our solution:

RB Farquhar supplied linked offices with three standard layouts:

- Meeting Rooms
- Canteens
- Cabins configured as two contractors' offices

Our solution:

Work is progressing on site and the client is very satisfied with the products supplied by RB Farquhar.
